#### C64-11.4.11 – Draft liaison note to IHO NIPWG on S-201 and List of Lights

Note by the Secretariat

##### **1. BACKGROUND**

At the third meeting of the IHO Nautical Information Publication Working Group (NIPWG3), it became clear that most data in the S-125 will also be present in the S-101. IALA is working on the development of a product specification S-201, which has the same basic data model as the S-101 product specification. Neither S-101 nor S-201 contains all the data S-125 is assumed to finally contain. However all three are identified to have a large overlap.

##### **2. LIAISON NOTE TO IHO NIPWG ON S-201 AND LIST OF LIGHTS**

This liaison Note to the IHO Nautical Information Provision Working Group (NIPWG) is in response to correspondence from the IHO dealing with coordination of the data model between S-101 and S-201 and addition of data needed for the List of Lights into S-201.

The finalised document is submitted as input paper C64-11.4.11.1.

##### **3. THE COUNCIL IS REQUESTED TO**

**Approve** the draft liaison note to IHO NIPWG on S-201 and List of Lights for forwarding to the IHO Nautical Information Provision Working Group (NIPWG).
