LIAISON NOTE

Liaison Note to IHO NIPWG on Development of S-125 Marine Aids to Navigation Product Specification

1 INTRODUCTION

During the 20th session of the IALA ARM Committee, the Information Services & Portrayal Working Group contributed to the development of the S-125 Marine Aids to Navigation Product Specification, intended for subsequent delivery to the IHO.

2 DISCUSSION

At ARM20, the Committee approved S-125 Edition 1.0.0 and deemed it ready for test implementation. Accordingly, IHO NIPWG is invited to review S-125 Edition 1.0.0 and to initiate the IHO product specification approval process for the current edition.

3 ACTIONS REQUESTED

IHO NIPWG is invited to:

- **Review** S-125 Edition 1.0.0 as attached to this document and amend it as necessary.
- **Initiate** the IHO Product Specification approval process for the current edition.
