Objet: Application to Host the 61st IALA VTS Conference by China MSA

Dear Secretary-General,

I hope this message finds you well. On behalf of the Maritime Safety Administration of the People's Republic of China (China MSA), I am writing to express our great enthusiasm and formal interest in hosting the 61st IALA VTS Conference. China MSA highly values the longstanding collaboration and shared commitment to maritime safety and efficiency within the IALA community. It would be a great honor for us to host this prestigious event, providing an excellent opportunity to further strengthen international cooperation and exchange of expertise in Vessel Traffic Services. To ensure the convenience and accessibility for all participants, we propose to organize the conference in a major metropolitan city in China with well-developed international flight connections. We are confident that such a location will offer not only ease of travel but also excellent facilities and a welcoming environment for all attendees. We would be delighted to discuss this proposal further and provide any additional information you may require. Please do not hesitate to contact us at your convenience. We look forward to the possibility of welcoming the IALA VTS community to China and contributing to the success of this important event. Thank you very much for considering our application.

Yours sincerely,

Xiong E

Southern Navigation Service Center, China MSA
