

Input paper: LAP14.7.1.4

Agenda item	7
	Requests for advice from other IALA bodies
Author(s) / Submitter(s)	Secretariat

From PAP 28: To consider the legal aspects of IALA standards

Background

At its session 59, IALA Council approved a new structure for guidance documents. Paper C59-8.1.3 refers.

The PAP held a special meeting on 25th February 2015 in Rotterdam to develop an initial plan for a series of Standards. The draft plan is shown in the following figure, where it should be noted that:

- The blue boxes are to show the draft names of the Standards
- The white boxes are to indicate expected areas for Recommendations and Guidelines, but have not been developed fully
- The text in the white boxes does not represent the names of Recommendations or Guidelines
- Training and certification needs more consideration.

Action requested from the Panel

The Secretariat asks the PAP to produce a template for an IALA Standard including the text that would be common to all Standards.

Supporting documents

Annex 1 from the Report of the ad-hoc session of the IALA Policy Advisory Panel (PAP) 18 February 2015.
