- ✓ THE EUROPEAN UNION
- ✓ THE FRENCH STATE

BASICS

From Monday 26th to Friday 30th October 2015

LE QUARTZ CONFERENCE CENTER - BREST, FRANCE

Brest métropole, working in coordination with the Technopôle Brest-Iroise science park, and supported by the Pôle Mer marine competitiveness cluster, the European Union, the Brittany regional council and the Finistère general (county) council, organizes the 4th international Safer Seas event, to be held from 26th to 30th October 2015 at the Quartz conference center, dedicated to issues of maritime safety and security. Safer Seas offers a one-of-its-kind, multi-sector approach for institutional stakeholders, operators and marine and maritime professionals, enterprises and research institutes, and students.

The 2015 event's dominant theme is Blue Growth and its stakes for shipping and maritime activities.

A MANYFOLD EVENT

Centered on a **main conference** whose scope encompasses the whole of nowadays and tomorrow's maritime stakes, Safer Seas' built allows its participants to have in-depth debates within specialized **meetings**, to discover the expertise of maritime companies and operators staged at the **trade show** and to **visit** sites of strategic interest.

Business teams of the sector are also offered with the opportunity to showcase their most innovative products to their prospects during dedicated business **sessions**.
