LIAISON NOTE

Progress on Cyber Security guideline

1 INTRODUCTION

The ENG committee was requested to review the changes to the draft guideline on cyber security and send their comments to the ARM committee.

2 Response

The committee has reviewed the draft guideline on cyber security and has provided feedback to various sections. It was noted that the draft guideline would benefit from a further review by the ENG committee at the next work session.

3 ACTION REQUESTED

The ENG committee asks the ARM committee to clarify the subject area of the guideline between cyber security or information security as this will impact on the manner of review.
