LIAISON NOTE

Progress on Cyber Security guideline

1 INTRODUCTION

DTEC received a draft guideline on cyber security that was amended and corrected by the VTS committee for further amendments and corrections by DTEC.

The document was reviewed by WG 1 and WG 3 and additional content was created in chapters 4 and 5. Also the structure of chapter 7 was changed to correspond with the overall structure.

2 ACTION REQUESTED

The ENG committee is requested to review the changes and send their comments to the ARM committee.

The ARM committee is requested to consider the proposed amendments and corrections to further complete the guideline and return it to DTEC (and possibly other committees) for a final review.
