LIAISON NOTE

Response to review request of cyber security guideline

1 INTRODUCTION

ARM16 has requested the VTS committee to review and amend the guideline on Cyber Security that has been drafted in collaboration between ARM, other committees and the cyber security workshop in November 2021.

The VTS committee agrees with the suggested texts and provided some changes/improvements on VTS (chapter 6). An additional paragraph is suggested. These have been added – with “track changes” – in the attached document “Revised Draft Guideline on Cyber Security”.

2 ACTION REQUESTED

The ARM committee is requested to consider the suggested changes and amendments to the draft guideline in ARM17-8.7.1.

The DTEC committee is requested to note and review the changes made
