

**PIANC**  
**Working Group 178**  
**Feedback to EEP**

# PIANC Working Group 178

- **The aims of Working Group 178 are:**
  - to develop an approach to climate change adaptation planning and delivery for maritime and inland port and navigation infrastructure;
  - to refer to the PIANC TG3 report on climate impacts indicating key regional differences as far as practicable;
  - to generate a toolbox of adaptation options including non-structural (e.g. management) as well as structural measures;
  - to evaluate the effectiveness of different adaptation options in typical or generic climate change scenarios;
  - to understand and provide guidance on addressing challenges; and
  - to provide a guidance framework for decision making.
