Clause 7.4 – Data encryption
Figure 12 – Sequence diagram for upload signed unclassified data with acknowledgement
Figure 14 – Sequence diagram for Upload link to large data
Figure 18 – Sequence diagram for Get interface
Figure 19 – Sequence diagram for Get interface and classified data
Figure 23 – Sequence diagram for Get By Link interface
Figure 25 – Sequence diagram for Request Access and Access Notification interface
Figure 30 – Sequence diagram for Subscription interfaces with external subscription request
Figure 40 – Operational sequence diagram for EncryptionKey upload interface
Figure 43 – Operational sequence diagram for PublicKey interface
Figure D.3 – Deployment example for SECOM on ship
Figure D.4 – Deployment example for SECOM on shore
Table 15 – Service interfaces overview

This could be included in your publication on condition that it mentions the following acknowledgments where appropriate:

“The author thanks the International Electrotechnical Commission (IEC) for permission to reproduce Information from its International Standards. All such extracts are copyright of IEC, Geneva, Switzerland. All rights reserved. Further information on the IEC is available from www.iec.ch. IEC has no responsibility for the placement and context in which the extracts and contents are reproduced by the author, nor is IEC in any way responsible for the other content or accuracy therein.”

In addition, the quotation from IEC Standard should include the following footnote:

IEC 63173-2 ed. 1.0

“Copyright © 2022 IEC Geneva, Switzerland. www.iec.ch”

Yours sincerely,

A handwritten signature in black ink, appearing to be 'G. Fournet', with a stylized flourish at the end.

Guilaine Fournet (Ms)
