3 MEMBERSHIP OF THE DWG

The approved membership of the DWG is the Chairs and Vice Chairs of the VTS, ARM, ENAV and ENG Technical Committees, Committee Secretaries, Technical Operations Manager. The IALA Technical Operations Manager will chair the DWG.

Omar Frits Eriksson has resigned from the chair of the ENAV Committee and has taken over the role of Dean of the Academy. However he is the designer and resident expert on the Wiki-based on-line IALA Dictionary and an essential contributor to the continued development of the on-line Dictionary. It is also considered that the WWA should be represented on the DWG. It is therefore proposed that the Dean of the WWA be added to the membership of the DWG.

Representation from the Legal Advisory Panel will be of assistance to the DWG in developing the on-line Dictionary and can provide an on-going legal check on the service provided through the Dictionary. It is therefore proposed that the membership of the DWG includes a representative from the LAP.
