Comments on IALA Position on the Development of AtoN Services

1 SUMMARY

At its 20th session of ENAV Committee, the Secretariat requested to the Committee to review ENAV 20-4.7 (PAP 33-12.1) "IALA Position on the Development of AtoN Services". The comments submitted by the members were reflected in the attached as track changes version.

2 DISCUSSION

Due to the heavy workload of the Committee, not all Working Groups reviewed and submitted the comments during the session. Therefore the comments on the attached document should be considered as not the whole Committee view but the reference for the development of the IALA policy.

3 ACTION REQUESTED OF THE PAP

The PAP is requested to consider the comments and decide as appropriate.
