5	well, I don't know - it was my first physical meeting	9/30/2022 7:43 AM
6	Yes, as the opening meeting was on Friday before and the closing plenary the week after, this gave more time to work on the tasks during the week.	9/29/2022 6:29 PM
7	I think the longer time allowed as a result of plenaries online helps carrying out work	9/29/2022 5:32 PM

2	Would be nice if the documents where erlier available.	10/5/2022 11:39 AM
3	I prefer the pre covid Committee meetings	10/4/2022 4:37 PM
4	Many thanks for there good job	10/2/2022 11:30 PM
5	Great thanks to your leadership of IALA. We now consider sincerely the IALA is navigating to the IGO which tends to keep the manner and procedure of formal meetings. Keep the time scheduled and keep rate of speech to the global participants. IALA should not be managed by several fluent speaker only.	10/2/2022 11:01 AM
6	Thanks	9/30/2022 11:06 PM
7	Having opening plenary online didn't provide additional benefit, but closing plenary online was convenient. This allowed more time to review final outputs. Would prefer to have the start of the meeting in the afternoon on Monday, making it possible to travel in the morning.	9/30/2022 2:42 PM
8	Test all facilities in front of the meetings. Keep up the good job!!	9/30/2022 1:51 PM
9	Yes. I think that there is a need for change. During VTS53 there was too much emphasis on getting documents out rather than ensuring they were best quality, In addition, VTS is no longer a standalone bubble. It is much more integrated with other sectors and so wider participation in the VTS committee would be more efficient than the current structure of VTS, ENAV, ARM and ENG. Could the objectives of all Committee meetings be more generally published encouraging participation based on objectives rather than always attending the same committee and using Liaison notes between committees. Get the right people in the right place at the same time to achieve specific objectives.	9/30/2022 1:36 PM
10	on the whole very positive with the hybrid meeting. I think IALA should consider the environmental impacts of the travel to physical meetings, and think of the ESG impact when considering the meeting schedule.	9/30/2022 10:47 AM
11	Keep up the good job.	9/30/2022 8:48 AM
