Author(s) / Submitter(s) Secretariat

Ongoing action items from PAP

From PAP49

That the committee management teams are requested to explicitly ask the author(s) if cyber security is relevant for the product and if a chapter or paragraph on the topic should be included.

That the committee management teams when reviewing or revising IALA Standards, Recommendations or Guidelines, consider including a chapter or paragraph on the topic of cyber security and call in the assistance from ARM, or an (external) subject matter expert if needed.

That the IALA secretariat is requested to consider updating IALA templates to include standard topics (chapter/paragraph names), including a chapter or paragraph on cyber security/resilience, as a reminder for users of the template.

That the Secretariat considers including an explanatory text of a discussion paper into the IALA Style Guide or any other appropriate guidance

From PAP50

That the PAP members consider what sustainability could apply to and to provide input to the ENG committee.

That the Secretariat considers adding an 'enforcement date' to the document templates, in addition to the publication date.

From PAP52

That the PAP members consider what sustainability topics would be of interest in the sustainability WS and to provide input to the ENG committee.

That the joint IHO / IALA workshop consider finalizing an input paper from IHO and IALA to IMO FAL regarding the harmonization of data elements.

That the Secretariat provides input on Dictionary Management to the next PAP.

That the Secretariat review the method of providing the status of work items of a committee within the new work program platform.

That the Secretariat finalizes the draft information paper to IMO MSC108 on the IALA MASS Document and then submit to Council for approval.

That the Secretariat draft recommendations that are required as parents to orphan guidelines and submit to the relevant committee for their consideration.

That the Secretariat invites the Chair of IMO FAL/EGDH to attend the ARM Committee to discuss further the harmonization of data elements.

That the Secretariat provide familiarisation training to the committee management teams on the new work programme tools.
