

IALA COUNCIL
62nd session

21-24 June 2016
Lisbon
Portugal

11 – TECHNICAL ACTIVITIES

11.4 – ENAV

Draft Guideline 1082

Overview of AIS Ed 2

Note by the Secretariat

1. BACKGROUND

IALA documentation is reviewed on a quadrennial cycle to ensure that documents are relevant and up to date.

2. REVISION

This is a review of IALA Guideline 1082 on an Overview of AIS, June 2011.

A comprehensive review of the Guideline was carried out including restructuring with merging of Guideline 1059 and updating of references.

The format has been updated to the new IALA style.

The finalised document is submitted as input paper C62-11.4.5.1 (*formerly ENAV18-14.1.27*)

3. THE COUNCIL IS REQUESTED TO

Approve the Guideline 1082 – Overview of AIS to its edition 2.0.
