

Part No	Section No	Current	Recommended change
0-4.13		dataset	dataset or session oriented services
0-4.16		dataset	dataset or streams of data
3-5.2.10		dataset	datastreams and datasets cannot contain operations
3-5.4.2		dataset	dataset or streams of data
3-5.1.1		data set	data product
3-5.1.2		data set	data product
3-6.2.3		dataset	dataset or session
3-6.4.3		data sets	datasets
3-6.6.3		dataset	dataset or session
3-6.6.3		dataset	dataset or session oriented service
3-7.2		data set	dataset
3-7.4		data sets	datasets
5-4.2.1		data set	data product
5-4.2.1		data set	data product
5-4.2.2.1		data set	data product
5-4.2.2.1	sec. paragraph	data set	data product
5-4.2.2.4		data set	data product
Appendix 5A	table 5-A-5	data set	data product
6-3.1		data set	data product
6-4.3		data sets	datasets
6-4.3.1		dataset	dataset or session
6-4.3.1		data set	dataset or session
6-4.3.1		data set	dataset or session
6-4.3.1		datasets	datasets or sessions
Appendix 6A	6-A-1	Data Set	Dataset (several time throughout the appendix)
9-1		datasets	datasets or sessions
9-1		datasets	dataset or service
9-4.1.5		to a geographic dataset	to a service or geographic dataset

9-4.1.4		dataset	product
9-4.1.4		[ISO 19117:2012 €, 4.22]	amended from [ISO 19117:2012 €, 4.22]
9-6		dataset	change dataset to product throughout the section
9-8.6		data set	data product
9-8.6		data set	data product
9-8.7.1		data set	data product
9-9		data set	data product
9-12.1		dataset	data
9-12.1	xii	in a geographic dataset	in the geographic data,
9-12.1	xii	of the dataset	of the de dataset or session
9-12.2.1		dataset	data product
11-1		..mapping to a dataset	..mappings.
11-4	table 11-1	dataset	dataset and service
11-6		data product identification	dataset product identification
11-6		data sets	datasets
11-7.3		data sets	data products
11-8		The	A
11-8		data product	dataset product
11-8			Add after first paragraph "Within a service product specification data quality maybe dynamic. Data quality may be defined in the service meta data or it could be part of the data that is exchanged."
11-9		dataset	dataset or service
11-9	table 11-8	datasets	datasets or services
11-9	table 11-8	datasets	datasets or services
11-10		Data Maintenance	Dataset Maintenance
11-12		file structures and format	file structures, messages and format
11-12		The file structure	The file and/or message structure
11-12	table 11-11	for the dataset	remove it
11-12.1		object types in the dataset,	object types,

11-15			Add after first paragraph "Metadata required for each component should be detailed in the product specification. The metadata should use the concepts and tags as described in S-100 part 4 as much as possible."
Appendix 11D	1.5	dataset	delete "dataset"
Appendix 11D	1.5.1.3	dataset	dataset or service
Appendix 11D	1.5.1.4	dataset	dataset or service
Appendix 11D	3	Dataset Identification	Data Product Identification
Appendix 11D	3	dataset	dataset or service
Appendix 11D	4.3.2.1	principle	principal
Appendix 11D	4.3.2.1	dataset	data
Appendix 11D	4.3.2.2	data set	data product (twice)
Appendix 11D	4.3.4	dataset	dataset or session
Appendix 11D	10.1	datasets	data product
Appendix 11D	11.1	delivery mechanisms for datasets	delivery mechanisms.
Appendix 11D	12.1	dataset	dataprodukt

There are several more instances of the term data set(s) throughout the document, in sections which were not relevant to this exercise
