Draft Guideline 1107

Planning and Reporting of e-Navigation Testbeds Ed 2

Note by the Secretariat

1. BACKGROUND

IALA documentation is reviewed on a quadrennial cycle to ensure that documents are relevant and up to date.

2. REVISION

This is a major revision of Guideline 1107 on Reporting of Results of e-Navigation Testbeds, December 2013, with a new title and expanded scope.

The revision includes the addition of guidance on the planning of testbeds while retaining existing text from IALA Guideline 1107 Ed1 on reporting of results of e-navigation testbeds.

The format has been updated to the new IALA style.

The finalised document is submitted as input paper C62-11.4.2.1 (*formerly ENAV18-14.1.2*)

3. THE COUNCIL IS REQUESTED TO

Approve the Guideline 1107 - Planning and Reporting of e-Navigation Testbeds to its edition 2.0.
