Update on postings
Update No.6 (2016-12-08)

Note by the Secretariat

1. PURPOSE

Council input papers are posted to the IALA Website regularly and can be downloaded any time but it might be difficult for the users to find out what are the latest postings, and more importantly identify input papers that have been superseded by more recent versions. We are in the course of improving the facility but progress has still to be made.

The following table indicates which of the input papers have been superseded and when.

Input papers superseded
