

From: ARM Committee

To: IALA Council

C64-11.1.2
(ARM6-12.1.4)
28 April 2017

LIAISON NOTE

Approval IALA Recommendations and Guidelines from ARM

1 INTRODUCTION

The ARM Committee was in its Work Programme 2014 – 2018 tasked with the development of the following:

- Task 1.1.4 Guideline on the use of pictograms on AtoN;
- Task 2.1.1 Develop guidance for AtoN authorities on disaster recovery;
- Task 3.1.1 Develop guidance for AtoN authorities on the use of Marine Spatial Planning;
- Task 3.4.2 Develop guidance on PAWSA;
- Task 3.4.4 Develop guidance on use of IWRAP.

Work on these tasks was completed at the 6th meeting of the ARM Committee with the following new draft IALA Recommendations and Guidelines:

- Guideline G1122 on the use of pictograms on Aids to Navigation (input paper C64-11.1.2.1);
- Recommendation R1009 on Disaster Recovery (input paper C64-11.1.2.2);
- Guideline G1120 on Disaster Recovery (input paper C64-11.1.2.3);
- Recommendation R1010 on the Involvement of Authority in MSP (input paper C64-11.1.2.4);
- Guideline G1121 on Navigational Safety within Marine Spatial Planning (input paper C64-11.1.2.5);
- Guideline G1124 on the use of PAWSA MKII (input paper C64-11.1.2.6);
- Guideline G1123 on the use of IWRAP MKII (input paper C64-11.1.2.7).

The IALA publication of the Maritime Buoyage System (MBS) is not conform to the new IALA document structure. The ARM Committee drafted a new Recommendation R1001 on the Maritime Buoyage System including the former publication as an annex (input paper C64-11.1.2.8).

A new Recommendation R1002 on Risk Management for Marine Aids to Navigation was drafted as an overarching document covering the IALA Risk Toolbox (input paper C64-11.1.2.9). This Recommendation will supersede the IALA Recommendation O-134 which should be revoked after approval of the new Recommendation.

Recommendation O-130 on Categorisation and Availability Objectives for Short Range Aids to Navigation and Guideline 1004 on Level of Service have been updated in order to make them in line with the new document structure. Recommendation R0130(O-130) (input paper C64-11.1.2.10) is restructured and some chapters are moved to Guideline G1004 (input paper C64-11.1.2.11).

2 ACTIONS REQUESTED

The IALA Council is requested:

- To consider the new draft Recommendations and Guidelines and approve as appropriate.
- After approval of the Recommendation R1002 on Risk Management to approve the withdrawal of Recommendation O-134.
- To approve the restructured Recommendation O-130 and Guideline 1004 as appropriate.
