

IALA COUNCIL
65th session

12-15 December 2017
IALA Headquarters

10 – INDUSTRIAL MEMBERS COMMITTEE

10.1 – Proposal for scholarship

Note by the Secretariat

The Secretariat received the following note from the IMC, which suggests establishing a scholarship for African countries.

It reads as follows:

Council,

Please accept our apologies for this late submission.

As many of you are aware, we suffered the loss of Steve Nell, he passed away on October 29th after a long illness.

Steve was a very important part of the IMC and took his duties very seriously. He will be sadly missed.

The IMC would like the Council to consider allowing the Industrial members to provide an annual scholarship to the WWA for marine aids to navigation staff from the African continent.

The IMC would like to name this the “Steve Nell Scholarship”.

With your approval we will present this at the Industrial member’s general assembly meeting which will be held in Korea next year.

THE COUNCIL IS REQUESTED TO

Approve the provision of an annual scholarship by the Industrial members.
