

## Liaison Note to IHMA

### Maritime Service Portfolios

#### 1 Introduction

The IALA ENAV Committee at its 21<sup>st</sup> session from 18-22 September 2017 progressed further the development of a Guideline on Maritime Service Portfolio.

#### 2 Details

At present, the Committee is using the text agreed at IMO NAV 57 which provided definitions of 16 preliminary Maritime Service Portfolios. In view of the fact that at least one international organization has questioned the validity of the text in several MSPs, IALA believes that other MSPs should be reviewed by the relevant organizations and seeks appropriate updates where necessary.

IALA recognises the role of IHMA in port matters. With this in mind, IALA requests IHMA to review and amend, as appropriate, MSP 4 on Local Port Service in the draft Guideline. IALA will update its draft Guideline in accordance with the IHMA amendments.

IALA appreciates the contributions of IHMA on the draft Guideline on Maritime Service Portfolios. IALA hopes to continue to Draft the Guideline after ENAV21.

#### 3 Action requested

IHMA is invited to review and amend, as appropriate, MSP4 on Local Port Service in the draft Guideline.
