

## **Liaison Note to 3GPP SA WG1 (Cc: 3GPP TSG SA)**

### **Reply to the Liaison Statement on the update of 3GPP Release 16 Stage 1 MARCOM standardization**

#### **1 Introduction**

IALA would like to thank the 3GPP SA WG1 for their Liaison Statement regarding the work of 3GPP which was discussed at the 23<sup>rd</sup> meeting of the IALA ENAV Committee between the 1 and 5 April 2019 in Singapore (paper ENAV23-3.1.5).

This reply is to provide feedback from IALA on the Liaison Statement provided by 3GPP, SA1.

#### **2 IALA's feedback on the three questions from the 3GPP SA WG1**

IALA reviewed the documents provided and proposed amendments (provided in track changes) to better reflect the maritime environment. IALA notes that this input reflects the areas of expertise of IALA, and cannot be seen as representative of the maritime industry as a whole.

IALA notes the ongoing discussions with 3GPP with regards to the input from other areas of the maritime industry, including mariners, pilots and ports.

#### **3 Action requested**

The 3GPP SA WG1 is requested to note the response from IALA.
