

# Industrial Members Exhibition Survey Results

*“The IALA Conference and Exhibition really is the only focused international exhibition for AtoN companies”.*

**Note:** This survey was commissioned by Sealite at the request of the IALA IMC (Industrial Members Committee) in February, 2019 with all 148 members invited to provide feedback by completing the survey.

“Planning is underway for the 20th IALA Conference in 2022, Rio de Janeiro. To provide an even better Industrial Members Exhibition we are listening to your feedback.”

- Industrial Members Committee (IMC)
