## **LIAISON NOTE TO ETSI TGMARINE**

### **On Radar standards**

#### **1 STANDARDIZATION OF RADARS**

IALA was made aware of the work being done by ETSI TGMARINE on standards for solid state radars for use on inland waterways from communication with CIRM. IALA is interested in participating in the development of standards for radars in order to assure future support for the use of marine radar beacons (racons).

#### **2 ACTION REQUESTED**

ETSI TGMARINE is invited to update IALA on the work carried out to date on standards for solid state radars for use on inland waterways.
