International Association of Marine Aids to Navigation and Lighthouse Authorities

LIAISON NOTE TO ITU-R STUDY GROUP 5

1. Introduction

IALA would like to inform ITU-R Study Group 5 of IALA's task based on the IALA work programme 2023-2027 in order to develop the use cases and service requirements of Marine AtoN which may serve as input to support the development of IMT-2030 standardization.

IALA would like to draw the attention of ITU-R Study Group 5 to this IALA's work and welcome collaboration with ITU-R Study Group 5 and other international organizations on developing use cases and service requirements including regulatory aspects on Marine AtoN for IMT-2030 standardization.

2. Action requested

ITU-R Study Group 5 is requested to note the information provided and inform the relevant Working Parties of this IALA's work.
