GUIDANCE FOR AUTHORS

- ❖ Templates for *IALA Documents* are available in File Share
- ❖ To help maintain consistency and quality of IALA Recommendations and Guidelines, a *Guidance for IALA Authors* has been prepared

At PAP33 Aid to Navigation (AtoN) was amended to Marine Aid to Navigation (MAtoN) on advice of the LAP. The draft Strategic Vision PAP33-18.10 has a mixture of AtoN and MAtoN.

MAtoN is used as an acronym for Mobile AtoN.

It is proposed that **AtoN** continue to be used as the acronym for **Marine Aid to Navigation** and **MAtoN** as the acronym for **Mobile AtoN**.

All text references should be Marine Aids to Navigation.

IALA PATENT POLICY

If participants have knowledge of any patents, including pending patent applications, either their own or of other organisations or individuals, the use of which may be required to practice or implement the content of IALA Documents being developed or worked on in the meeting, please advise the IALA Secretariat as soon as possible and in any event before the meeting.
